Writing

I would like to talk about my favorite game, that I started to play two years ago. Genshin Impact.

There are a lot of characters, about fifty. My favorite one is Nilou. She is a ^{street} dancer from Sumeru. Nilou is really nice girl, she always helps her grandparents and younger children as well.

The plot of this game is really interesting! One day, the main character - Lumine, woke up after very long time. She didn't remember anything about her life. But some months ago she met a girl whose name is Paimon. And they started to travel together.

There are four ^{big} countries with very beautiful landscapes and interesting story. For example, my favorite is Sumeru. There are many forests and cute animals.

I would recommend this game for people all ages, especially, if you like anime or manga. Because the plot is really big and there are many ^{nice} characters that people can like.
